# Company Profile

Cardcube Group was founded in 2010, with 13 years experience specialized in manufacturing RFID tags, accept all customizations. 4 factory branches located in Chinese major business centers, Shanghai city, Ningxia province, and headquarters in Shenzhen city. More than 100 machines and 800+ employees, over 60,000sqm workshop.

## ShenZhen Xin Card Cube Smart technology Co.,Ltd.

Founded in 2010, over the years, CardCube has become the market leader for smart cards, RFID wristbands, keyfobs, and RFID custom products. As the largest manufacturer of RFID custom products, CardCube owns three marketing teams, one design team, one research team with more than 800 staff. The headquarter is located in Pingshan New District, Shenzhen, which covers approximately 20,000 square meters. Main products: RFID Cards, Silicone wristbands, epoxy tags, customized tags.

## JiaXing Card Cube Smart Technology Co.,Ltd.

is also part of Card Cube Group. Main products: RFID Cards, RFID inlay sheet. Our professional R&D team and manufacturing team with strong technology make it possible for us to provide customers with one-stop service, including designing, developing, producing, personalizing and packing.

# Company Profile

## HaiYuan County Card cube Smart Technology Co.,Ltd.

belongs to Card Cube Group, which is the first high-tech enterprise introduced in Haiyuan County, Zhongwei City, Ningxia.

Lies in Ningxia that covers an area of 30,000 square meters in total. Main products: ABS keyfobs, Clamshell Card, Black PPS tags, RFID inlay sheet, epoxy tags.

## Ningxia Shen Hai IOT Smart Technology Co. , Ltd

Ningxia Shen Hai IOT is an RFID smart card factory that integrates design, research and development, production, and sales. The company is committed to producing and selling various types of high-frequency, ultra-high-frequency, and low-frequency standard cards, non-standard small cards, adhesive cards, RFID asset management labels, and other products; Following the footsteps of the group headquarters, we continuously improve our technology, establish a good quality management system and after-sales service system, and have a complete set of professional production equipment and testing technology.

# Company Profile

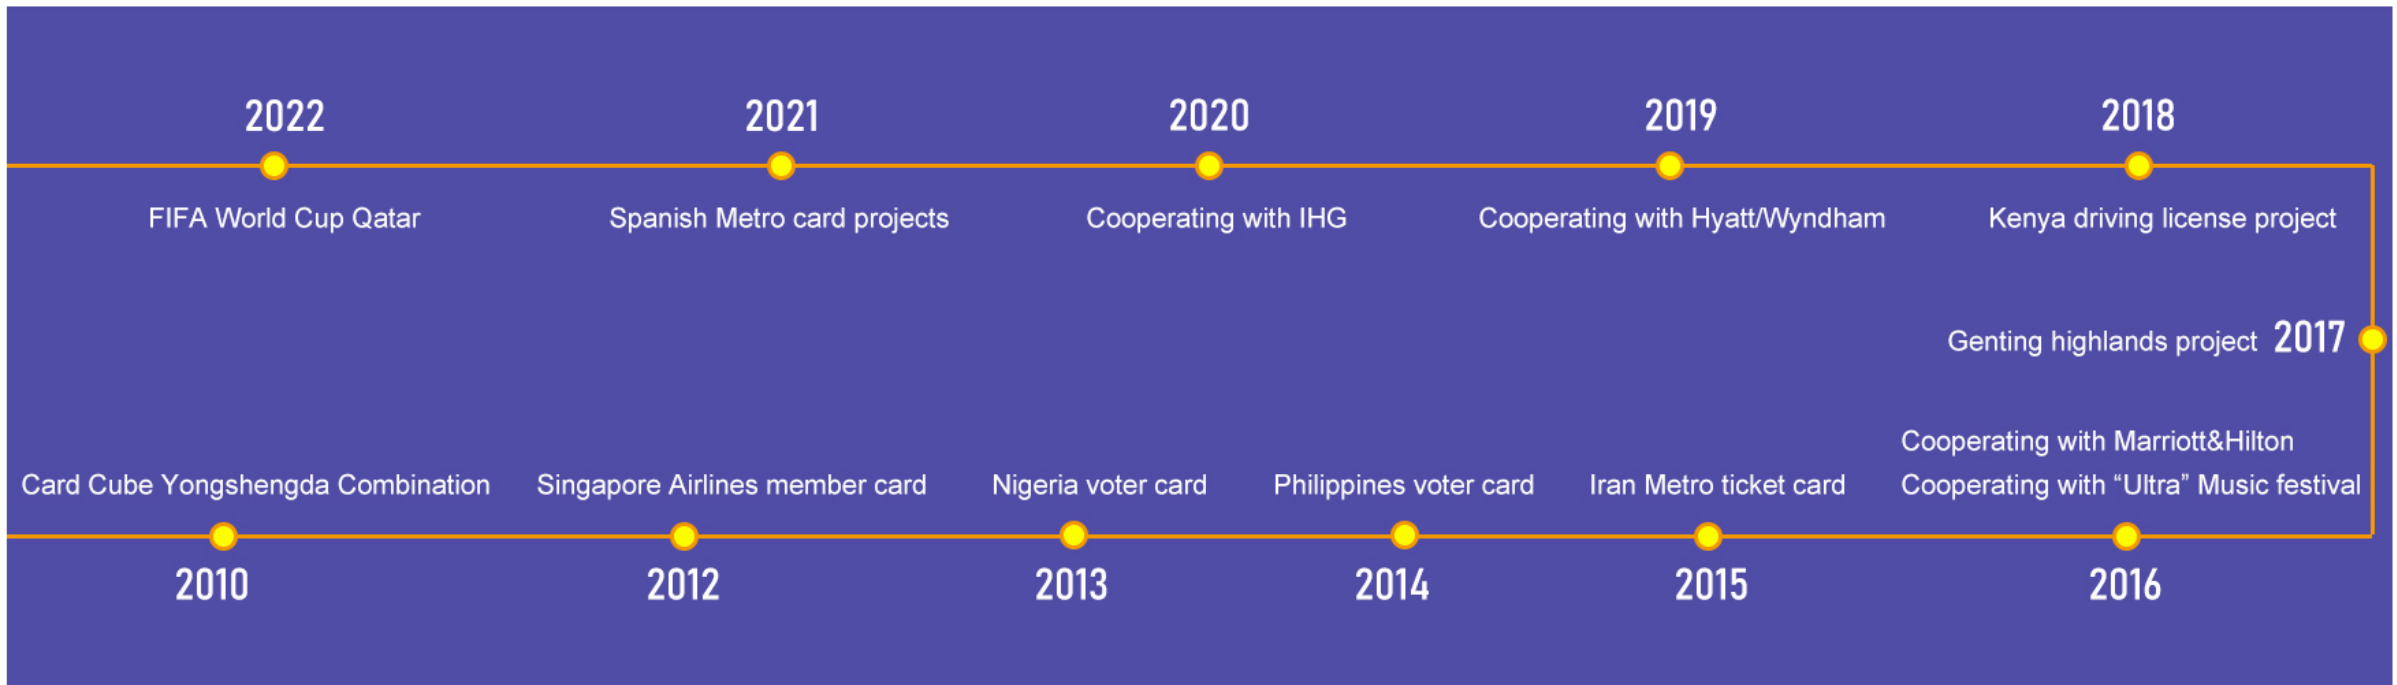

## Production Machines

- 31 - Chip bonding machines
- 3 - Heidelberger printing machines
- 11 - Special craft machines
- 5 - Data encryption machines
- 8 - Vulcanizing machines
- 22 - Customized product mold making machines

## Product Monthly Output

- 18 millions smart cards
  - 1.5 million wristbands
  - 8 millions keyfobs
  - 2 millions other customized tags and inlay.
- Production time need only 7-10 days, 1-2 days for stock products
